DETAILED ACTION

This office action is in response to an after-final amendment filed by the applicant on February 28, 2005. The applicant has cancelled previously withdrawn claims 1-17 and previously rejected claim 18, and added new claim 20. Claim 19, which was previously indicated as allowable, is still pending.

Allowable Subject Matter

Claims 19 and 20 are allowed.

The following is an examiner's statement of reasons for allowance. The prior art of record and to the examiner's knowledge does not teach or render obvious, at least to the skilled artisan, the instant invention regarding the method of making a semiconductor structure having first, second and third openings, wherein the first and second openings are contiguous, and the second opening is wider than the first opening, and filling a first metal film in the first and third openings, completely filling those openings, and also forming a dielectric film and a second metal film in the second opening to complete a capacitor structure in the second opening, as recited in each of claims 19 and 20. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
